

The font “topsetMathExpert41”

Here is a brief overview of the Unicode values for the arrow parts for your convenience. These values are the decimal ones like you need to enter them in the InMath style options. Please don't mix them up with the hexadecimal ones that you will get from the Glyphs palette.

Generally, if you want to omit an arrowhead, insert „0“ in the InMath style options.

↔
AB : left arrowhead: 58401; line in the middle: 58400; right arrowhead: 58402

↔
AB : left arrowhead: 58403; line in the middle: 58400; right arrowhead: 58404

↔
AB : left arrowhead: 58405; line in the middle: 58400; right arrowhead: 58406

↔
AB : left arrowhead: 58407; line in the middle: 58400; right arrowhead: 58408

↔
AB : left arrowhead: 58409; line in the middle: 58400; right arrowhead: 0

↔
AB : left arrowhead: 0; line in the middle: 58400; right arrowhead: 58410

↔
AB : left arrowhead: 58411; line in the middle: 58400; right arrowhead: 0

↔
AB : left arrowhead: 0; line in the middle: 58400; right arrowhead: 58412

↔
AB : left arrowhead: 58413; line in the middle: 58432; right arrowhead: 58414

↔
AB : left arrowhead: 58433; line in the middle: 58432; right arrowhead: 58434

↔
AB : left arrowhead: 58435; line in the middle: 58432; right arrowhead: 58436

↔
AB : left arrowhead: 58437; line in the middle: 58432; right arrowhead: 58438

↔
AB : left arrowhead: 58449; line in the middle: 58432; right arrowhead: 58450

↔
AB : left arrowhead: 58439; line in the middle: 58432; right arrowhead: 0

↔
AB : left arrowhead: 0; line in the middle: 58432; right arrowhead: 58440
